

AutoFeed 15-80

Automatic feeding system for MarkManII

AutoFeed 15-80 is a PLC-controlled automatic marking system for ferrules, suitable for ferrules from 15mm to 80 mm OD. Using this will decrease your marking time radical. This system can only be used in combination with our pneumatic version of MarkManII (see technical specification, MarkManII).

Advantages:

- Decreases labour costs.
- PLC-controlled.
- Easy to use.
- A counter stops the machine when preset quantity has been reached.

AutoFeed 15-80

Technical data:

Ferrule size	15-80 mm OD
Marking capacity	2000 pcs/hour
Loading capacity (dim. 3/8")	60 pcs
Voltage (single phase)	230V/10A/50Hz
Air pressure	6,0 bar
Colour	zink plated

Dimensions:

Length	600 mm
Width	1300 mm
Height	900 mm
Weight	50 kg

Designation:

AutoFeed 15-80

Part number:

9031-10-10

Accessories:

See technical specification for MarkManII.
