

MidiCut 5-50P

Hose cutting machine

MidiCut 5-50P is a pneumatically operated hose cutting machine for the medium sized workshop or the smaller serial production. It's very safe and easy to operate.

MidiCut 5-50P

Technical data:

Hose capacity: 1-2-4-layers	3/16" - 2"
Hose capacity: 4-6 spiral	1 1/4"
Maximum outside diameter	75 mm
Motor	4,3 kW
Voltage	230/400V/16A/50Hz
Velocity	2810 rpm
Diameter (blade), external	300 mm
Diameter (blade), internal	50 mm
Air pressure	min.4 bar
Hose connection for smoke evacuation system	50 mm
Colour	Light grey

Dimensions:

Length	705 mm
Depth	570 mm
Height	385 mm
Weight	80 kg

Designation:

MidiCut 5-50P, 400V 3-phase

Part number:

9007-01-00

Spare parts:

Cutting blade, standard 300x3x50
Cutting blade, toothed"TS" 300x3x50

Part number:

9003-00-03
9003-01-02
